### ***Equipped Is Reaching Listeners***

---

Are you carrying *Equipped with Chris Brooks* yet? Read what listener Janette had to say about what she appreciates in this daily program:

"I'm a bit unsure of the best way to express my gratitude for your program, so I thought a few lines via email can help tell you of my appreciation. I'm a mom in Florida, and I frequently listen while driving around town in my minivan. Every time I listen to *Equipped*, I get encouraged in my walk with the Lord in many ways. Something that I truly like about Pastor Chris

Brooks is that I've often heard him pray 'on the spot' with any caller that seems to need that extra spiritual support."

*Equipped with Chris Brooks* is a daily 54-minute program available via FTP or MB1 and is eligible for shared revenue. [Click here](#) to find out more and to carry the program.

## **Are You Carrying Janet Parshall Commentary?**

---

*Janet Parshall Commentary* is a weekly feature offering Janet's unique and insightful observation on the news and issues of the day. Janet's extensive knowledge and connections from her base near the nation's capital provide her with unique opportunities to share valuable insights on the current events shaping our country and the world. This commentary illustrates how a Christian should understand and approach these issues from a biblical perspective.

Listener Dennis says: "Wow! God really uses Janet and her guests to bless so many of us. Thanks for being a great source of wisdom, truth, and solid advice on how to keep a strong grip on Jesus in these difficult times. We so appreciate Janet Parshall!"

## **Update: Good News for Today Short Feature**

---

The short feature, *Good News for Today*, will be shifting from a three minute feature to a two minute feature, effective Monday, July 29, 2024.

Moody Radio will be adjusting our Moody-1 clocks to reflect this change. In light of this shortened content, we will be adding a 60-second ROS ministry spot after *Good News for Today* so the break is filled to three minutes.

*Good News for Today* airs on Moody-1 Monday-Friday at the following times: 6:55 a.m., 8:55 a.m. and 5:55 p.m. CT.

In addition, a new NR2 Network Relay will be added immediately following *Good News for Today* at Monday through Friday 6:57 a.m., 8:57 a.m. and 5:57 p.m. CT.

Please make sure to update your own automation clocks accordingly!

## **Upcoming Test of Moody Radio Alert System | Aug. 1**

---

Our next Moody Radio Alert system test for our email, web, and text messaging services will be at 10:00 a.m. CT on Thursday, August 1, 2024. (We discontinued using the Moody Radio Alert Relay #6 on the XDS-PROQ receivers some years ago and now rely primarily on emails, the [Moody Radio Alert website](#), and text alerts.) As part of the test, we will send a brief text message to those subscribers and an email with the subject line: "Moody Radio Alert: Only a Test." We will also post the test acknowledgment to our Moody Radio Alert website.

The purpose of the Moody Radio Alert system is to provide an efficient means of communicating satellite or FTP program distribution issues or short-notice changes in the Moody-1 program schedule. If you have subscribed to the Moody Radio Alert distribution email/text message list but do not see a message on August 1, please email [affiliates@moody.edu](mailto:affiliates@moody.edu). Please provide your full name, radio station call sign/name, and the mobile phone and/or email address you'd like the alerts sent to. Thank you for helping us keep our Moody Radio Alert system up to date with your contact information.
