### Good News. For a Change. Featuring World Radio News.

---

**World Radio News.** WORLD produces sound journalism, grounded in facts and biblical truth. Through magazines, online articles, and podcast programs, trained journalists report on global and national events so listeners can see how God is working in the world, no matter the headlines.

WORLD readers and listeners are made up of thoughtful believers who aim to competently talk about and pray about the news. They can think for themselves and prefer to draw their own conclusions. They want the truth, and they understand that the truth demands a biblical context, or it's not the whole

truth. News delivered this way compels them to act. Led by the Spirit, they are often emboldened to pray, love, and serve others in light of what they learn.

For clearance to air World Radio News today please connect with us at [affiliates@moody.edu](mailto:affiliates@moody.edu) or complete the program [clearance form](#). View tech specs for [World Radio News here](#).

## International Day for the Unreached Special | May 11

---

Moody Radio is again partnering with **Alliance for the Unreached** on a new live two-hour radio special in conjunction with the **International Day for the Unreached** (May 19). The broadcast will be delivered on Moody-1 (MB1) and air as follows:

### **Saturday, May 11**

All Times Central

3:00–3:59 p.m. (no breaks)

4:00–4:59 p.m. (no breaks)

Can it be true in this day and age that a third of humanity has no access to the gospel? It's not only true, but the numbers are growing! Find out why—and discover the hope we have to turn that around. The Moody Radio special "Until All Hear," hosted by Ruth Kramer and Wayne Pederson, shares stories of what God is doing to reach the lost in the hardest places in the world.

"Until All Hear" will be two back-to-back 59-minute hours of live programming, similar to last year's special, "Let the Silence Be Broken."

We are also planning to record and post the two-hour special to FTP for stations without the Moody XDS receivers, so they can air the broadcast between May 11 and 19. For more information about Alliance for the Unreached, visit their [website](#).

A new [Tech Specs sheet](#) will be available by April 2.

## Need Resources and Promos for Your Fundraiser?

---

As you prepare for your station's share-a-thon fundraiser, remember that we can provide recorded promos, video content, and books to give away from Moody Radio hosts. Please submit scripts or requests to [affiliates@moody.edu](mailto:affiliates@moody.edu) so we can assist you.

## Stop by Our Booth at Momentum 2024

---

Will you be at CMB's Momentum '24 in Orlando? It's happening May 29–31, and we would love to see you there! Stop by our booth to say hello and talk with us about new programming.

## New Short Feature, *Moment InGrace* | Now Available on FTP

---

The producers who bring you the daily half-hour teaching program ***InGrace*** with Jim Scudder Jr. (released on Moody-1, weekdays at 6:00 p.m. CT) have launched a new daily one-minute feature, *Moment InGrace*, described as "a 60-second burst of biblical reflection and daily encouragement."

*Moment InGrace* is now available on the Moody Radio Affiliate FTP site at <ftp://ftp.moody.edu> under Miscellaneous > In\_Grace > Moment\_InGrace.

Stations may contact Brett Zellmer at InGrace Radio for clearance at [bzellmer@ingrace.us](mailto:bzellmer@ingrace.us).

## Is It Time to Upgrade Your XDS Receiver?

---

It may not seem like it, but it has been about 12 years since most Moody Radio Affiliates purchased their XDS-PRO1Q or XDS-PRO4Q satellite receivers. These receivers have performed well over the years, certainly outliving their five- to seven-year design lives. But the truth is that their manufacturer, ATX Networks, ended factory support for the "Q" model at the end of 2020.

This may be a good time to consider upgrading to the current models. The **XDS-PRO1S** (one audio port) and/or the **XDS-PRO4S** (four audio ports) would be the comparable replacement receivers. Moody Radio has favorable network pricing available to affiliates on these receivers, which can operate via satellite or IP mode. For pricing and availability, please contact us at **[affiliates@moody.edu](mailto:affiliates@moody.edu)** .

## Prayer Works

---

As a Christian organization, we firmly believe in the power of prayer. If your staff or listeners have prayer requests they would like to share, please send them to **[prayerworks@moody.edu](mailto:prayerworks@moody.edu)**. Each week, these requests are compiled and sent out to Moody Radio staff members to be lifted up in prayer.

## Honoring Dan Craig's Years of Service

---

We recently presented an honorary award to longtime radio veteran and staff member, Dan Craig. The Ministry Impact Award was presented to Craig by Moody Radio's Vice President Wes Ward at the National Religious Broadcasters' annual conference in Nashville. Craig was honored by radio peers and broadcast colleagues for his many years of Christian radio ministry work.

"Dan is an integral member of our Moody Radio leadership team and family," said Ward. "He brings a unique blend of strategic thinking, decades-long experience, and deep knowledge of the radio landscape that has been invaluable to planning and growing. We are thankful for Dan's many years of dedicated service with Moody to share the gospel message across the airwaves."

## **1st Quarter 2023 SoundExchange Reports | Due May 15**

---

Moody Radio's SoundExchange reports for the 1st Quarter of 2024 are now available. Music Data for this period was recorded February 5–18, 2024. Stations need to export or log their local music data (anything that was not from Moody Radio) from this date range if they plan to use the Moody Radio Network music data for their station's 1st Quarter SoundExchange report due to SoundExchange by Wednesday, May 15. View Reports. The exact due dates for the 2nd quarter of 2024 and beyond SoundExchange quarterly reports have not yet been published by SoundExchange. We will update that information as it becomes available each quarter. More information is available from [soundexchange.com](http://soundexchange.com).

Archive copies of past Moody Radio SoundExchange Reports from 2015 to the present are also available at <ftp://ftp.moody.edu> under Resources > SoundExchange\_Reports.
